This is truly an exciting time for all in the PlayStation. In the last months, we have been able to show you a glimpse of the stunning new games that are being created for PlayStation 5, taking advantage of the console's unique capabilities to deliver fast, high immersion and all new generation of experiences. And we are excited that the time for you to try these new brave adventures are almost here. As we have just announced in our PS5 showcase, we are only a few months of launching the next generation of gaming. As of November 12, PS5 will be available in seven key markets: USA, Japan, Canada, Mexico, Australia, New Zealand and Southern Corpora. The Launch Global forward will continue on November 19 with releases throughout the rest of the world \*, including Europe, Orient Mention, South African, Sia and South Africa. The PS5 Digital Edition will be Available for a recommended retail price (RRP) of US \$ 399.99 USD / \$ 499 CAD / A ¥ 39.980 / A € 399.99 / £ 359.99 (MSRP) and PS5 with a Blu disk drive -Ray Ultra HD will be available for an RRP of \$ 499.99 USD / \$ 629 CAD / A ¥ 49.980 / A € 449.99 (MSRP). The premises will be available from tomorrow to select retailers, please check with your local retailer. We are happy to provide the choice to players with two PS5 console options in the launching, depending on whether you want a digital experience and prefer disc-based games. Whatever PS5 you choose, you will enjoy the same experiences of playing games. Both PS5 models use the same custom processor with integrated CPU and GPU for high fidelity visuals, including 4K graphics support and ray tracking, as well as the same high-speed SSD with i / o integrated for loading load pida. The ps5 3D audio and the dualsense wireless controller will also provide the same intense sense of immersion on all PS5s. We are proud of the amplitude of the games that are being created for the PS5, and it is our goal to continue filling our portfolio with new and rich experiences of the most talented creators of Industry games. Today, we share a sneak lurking in the new games that follow up to the PS5: these newly revealed tapers, along with the games we show earlier, represent the best line I've seen in the history of PlayStation. Games like Marvel Spider-Man: Miles Morales, Call of Duty Black Ops: Cold War, and the souls of Demon launch along the console. Our own world studio titles will be with prices of \$ 49.99 to US \$ 69.99 (RRP) on PS5. In addition, we know that the PS4 community will transit to the PS5 at different times, and we are happy to announce PS4 versions of some of our exclusive. Marvel Spider Man: Miles Morales, Sackboy A great adventure, and the forbidden horizon West also throws on the PS4. Although these three games were designed to take advantage of the PS5 and its exclusive resources of the next generation, such as the SSD and Dualsense controller of Ultra-high speed. PS4 owners can also enjoy these experiences when launch. The digital versions of the PS4 of the launch games include a free update on both PS5 consoles, while the PS4 disk versions of these games include a free upgrade on PS5 with the Blu-Ray Ultra HD. For PlayStation Plus members, we will have a new special offer on PS5 - PlayStation Plus Collection \*\*. PS5 owners with PS Plus can download and reproduce a cured library of PS4 games that set the generation, such as Batman Arkham Knight, Bloodborne, Fallout 4, God of War, Monster Hunter: World, Persona 5 And much more. The PS Plus collection will be an additional benefit to existing PS4 benefits that Members of the PS more receive by a single signature price.
