## Arizer air instruction manual free printable version 1

J I'm gonna go J I'm sorry. :A. ward a ekat uoy sa sbreh yrd ruoy ghuorht etalucric ylsae nac ria toh eht taht erusne of esool ti kcap swawla J I'm gonna go J SU ni yuB su ni erehwyna gniphpis eerFBefore inserting the glass vines. This causes the stem to be more easy to insert. Do this for a couple of times and there will be less resistance after some uses. Q: What is the malefacció cupa? A: The air comes with a high -grade heater. Q: Can I use the air for oils or wax? A: Arizer portable vaporizers are suitable only for dry herbs. However, it comes with a plate of Popurá in the Kit. You can put a couple of drops of essential oil in the glass taz, heat it and enjoy the aroma. Q: Where can I find the number number of this device? A: The standard number of its Arizer air is located at the bottom of the device, at the battery cover. Q: What are the colors available? A: The Air Arizer comes in 3 large colors, black, titanium and silver. A: Yes, the device will go after working for 10 minutes. Q: What are the dimensions of the portable airplane of Arizer air? A: It has approximately 110 g and 122 mm x 29 mm of diameter. Q: Can I use my solo v'ergo with my Arizer air? I love Arizer's vopes ... A: Sâ, surely there are no problems at all, if free to exchange them at any time. \* For your information, the long and curved solo stems are not included in the Arizer air kit, however, they are available to buy @vapefuse. Q: I get a silver air for my birthday, I really don't like its color, however, start using it now, can I change it? A: Unfortunately, once the device has been used, it can no longer be exchanged, sorry. We can only replace the vaporizers in their original unused packaging. Q: Can I use the aroma dish for inhalation? A: It is best to use the stem with dry herbs for inhalation and use the aroma dish for aromatherapy. Q: My brother rezirA rezirA im rasu oreuQ :P. onam a sahceh n'Âtse sadot euq ay ,etnemareqil rairav nedeup rezirA ed oirdv ed setrap saL .R ?ose se ©Âuq ropçÄ ... oÂm la setneretid etnemareqil nos tik us ne sollat sol ,ograbme nis. rezirA ed eria nu ³Augisnoc As a steamer. do you have any cases that fit this vaporizer? A: The Air Arizer comes complete with a box in the box. You can protect your air from the elements while moving and you can also place your two glass nozzles in the box. Q: What is included in the Air Air Aizer Portable Steaming Kit? A: Look at the video below: Q: What does light blue flashing mean in my Air Arizer? A: When the blue light flashes on your Arizer air vaporizer, it means your device is heating up. Q: What does solid blue light mean? A: Solid blue light means that your Arizer air reached the required temperature level, can begin to vapear. Q: What is the recommended temperature when using the Arizer air? A: It is better to start with the lowest temperature that is blue (180 ° C / 356 ° F). Then you can always increase the temperature depending on your preference and the optimal vaporization temperature of the herbal mixture that is vaporizing. Some would prefer white temperatures (190 ° C / 374 ° F) and green (200 ° C / 392 ° F). Just keep in mind that the red (210 ° C / 410 ° F) is the hottest configuration and can move from one temperature to the other. Here are the temperature settings for the air Arizer: Level 1 (blue) 180 ° C / 356 ° F Level 2 (white) 190 ° C / 374 ° F Level 3 (green) 200 ° C / 392 ° F (blow) 205 ° C / 401 ° F Level 5 (red) 210 ° C / 410 ° F P: How can I change between temperatures in my air? A: You can increase the temperature by pressing the arrow up and you can lower the temperature by pressing the button down. Q: It takes so long to find my preferred temperature level every time I turn on the air, any suggestions? A: If you want to remember the temperature you used earlier, simply press the Down button for 2 seconds. Q: Can I use Aizer Air while charging? A: Yes, However, the batteride (15-20 minutes) must first be partially loaded to continue using While in the charger. Q: Is there any way to verify to see how much load is left in the Arizer air without closing it and restarting the device? A: The best way to verify how much charge is left to verify the LED. When the lower LED light shines in sióldo red, that means that the battery should be recharged. Unfortunately, it could be late and its air will go out soon. Thus, be able to always have a spare of hand battery, so you can continue enjoying your vapoer session. Q: What often do I need to load my battery? After each use? A: For a physical performance, it is better by bicycle completely the battery (completely drainage and then complete recharge), but it is good to recharge the load if necessary. Q: What a difference in air versus only when it comes to the duration of the battery? A: He only has a battery duration of approximately 1.5 hours with a complete load, while the air has approximately 1 hour in a completely loaded batter. Q: I suppose I need a new battery for my air, can I use any battery or the one done only by Arizer? A: To guarantee the quality and safety of its Arizer air vaporizer, you should only use genuine arizer batteries. We cannot verify the quality or safety of other batteries, and the use of third -party batteries can cause personal injury, discharges eligric and given to the device that is not covered by the guarantee. Q: How many uses per load obtains from a totally loaded Arizer air battery? A: Air batteries must last approximately 3-5 uses per load for you. It will depend on the temperature level you are using and if you let your device run during the full cycle (10 minutes) or turn off before. About 3-4 hours are needed to completely load the batter. ?rezirA ?rezirA ed olos le noc rezirA eria im ragrac odeuPçÄ :P .ovitispsid led roiretsop etrap al ne otsuj agrac ed otreup le rartnocne edeuP :R ?rezirA ed eria le ne agrac ed otreup le rartnocne odeup edn³ADçÄ :P .on o odnagrac A: No, the two loaders are slightly different. He needs a specific air charger to use it. Q: Does the Air Arizer come with a USB charger? A: No, the Air Arizer comes with a 5V/1.2A adapter charger. Q: I think my air doesn't work properly, once the light is solid red, it turns off in a few minutes. A: Nothing to worry about. Solid network means it's time to charge your battery or replace it with a spare charge. Q: My Air Arizer is on the charger. When do I know it's completely loaded, so I can remove it from the charger? A: When the light no longer flashes green, but becomes solid green, then it is time to remove the air from the charger. Q: My Arizer Air charger is no longer working. I have a spare charger for my old phone, can I use it? A: Always use a genuine ARIZER air charger to load your vaporizer. Any damage caused by a third-party charger is not covered by the warranty. Q: How can I replace my battery? A: Simply unlock the battery cap at the bottom of the device and replace the battery. Be sure to insert the new battery the right way. Q: How do I know when to start charging my Arizer Air device? A: When the LED shines in solid red, it is time to charge your air or replace the battery to a fully charged. Q: My air is in the charger, why are you blinking? A: Nothing to worry about, the flashing green light only indicates that the air of Arizer is loading. Q: Can I use my air while in the car charger? A: Surely it is not a problem at all, you can use your air vapor while in the regular charger or in the car charger. Q: Do you sell any screens for Arizer Air? A: Arizer, the product manufacturer, does not supply screens with its portable air vaporizers (or only). These devices are designedUse with dry herbs from medium to thick earth. gross. A filter or mesh screen on its glass stem to avoid small pieces of herbal materials that are put in its nozzle. Q: Does Air Arizer come with an Australian energy adapter? A: Surely the Air Arizer comes with an Australian adapter, and can also obtain a European or the United Kingdom version if you need one. Q: What is silicone cover for? A: The silicon cap "protects the end of its stem, which can be ostile if its vaporizer carries a lot. You can also pre -characterize the glass vines and put the lid to store or transport its herbal material for later use for use . And you can also use the silicone lid to place it in the nozzle during vaporization to save its steam between two raffles. P: literally spend my whole life in my car, do you have automated automobile loaders available for the Air de Arizer ? R. Sâ, an automobile charger is available for Arizer Air. ", soak the glass stem in alcohol or dishes soap for 5-10 minutes (or as long as you need to soak). Rinse with hot water and repeat according to necessary. Then dry it. "P. Would you help a new batterous if my my Air Arizer turns off before reaching the auto closure permit 10 minutes music? A: Be sure to insert the battery properly and the batterous lid is completely screwed (but not too tight). Then, give a full load of 3 hours to see if it helps. If your air is turned off before the 10 -minute autombile is turned off, click "here to register your guarantee claim. P: My Air Arizer will not turn on even if it is completely loaded. R: its Air Arizer You need a during the check. Record your guarantee of guarantee with the retailer who bought. P. Is the glass pieces for the guarantee? A: Glass pieces are not covered by warranty, however, we store all glass pieces available for the Arizer air. Feel free to see you here. Q: My charger is no longer working.
