This resource thoroughly equips students with the independent learning, problem-solving, and research skills that are essential to successfully meet the entrance requirements for university programs. Complex chemistry concepts are presented in a clear, understandable fashion and key concepts, such as thermodynamics, are treated in greater depth than specified in the curriculum. Nelson Chemistry 12 provides a rigorous, comprehensive, and accurate treatment of all concepts and processes presented in Ontario's chemistry, Grade 12, university Preparation course (SCH4U).
