Peavey studio pro 112 specs

The Peavey Studio Pro 112 is a solid-state guitar amplifier known for its versatility and reliability. It delivers 65 watts of power through a 12-inch Blue Marvel® speaker, making it suitable for various settings, from practice sessions to live performances. The amp features Peavey's TransTube® technology, designed to emulate the warmth and dynamics of tube amplifiers. It offers both high and low gain inputs, separate volume and gain controls, a three-band EQ (low, mid, high), and a T-Dynamics® control that adjusts the power amp's response. Additional features include an effects loop, external speaker jack, and footswitchable reverb and channel selection. Users have praised its durability and tonal range, noting its ability to handle various music styles effectively Product Specs O p e r a t i n g @ Bandit 112Bandit 112®@Studio Pro 112Studio Pro 112® @ Envoy 110 nvoy 110 Summary of the content on the page No. 2 Intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.
