With our Custom Prompts, you can create unique instruction sets to turn the chatbot into a translator, coding expert, or marketing guru instantly. Use the Creativity slider to switch between precise, factual answers and imaginative, out-of-the-box ideas. The perfect response is just a slide away. All chat history and custom prompts are stored exclusively in your browser, so you have full control over your data. Claude is an AI chatbot developed by Anthropic, designed for reasoning, coding, and knowledge-based tasks. The latest version, Claude-3, builds on the strengths of Claude-1 and Claude-2, providing a more intelligent and refined AI experience. As a multilingual model, AI4Chat offers users the flexibility to converse and generate content in numerous languages. Simply ask your AI chatbot assistant to generate any question you may have, and it will provide an answer in no time. The free chatbot by AI Chatting is user-friendly and easy to interact with - just type your question and get a response. Whether you need help with language learning, gaining knowledge, creative inspiration, business strategies, or a healthier lifestyle, our chatbot is here for you.
