5th Grade STAAR Reading Practice Worksheet

Name: _____ Subject: Year 5 History Week: 20th Age

The Stone Age

The Stone Age started around 2.5 million years ago when early humans used stones to make tools. They used different parts of the stone to make different tools. The Stone Age is divided into three periods: the Old Stone Age, the Middle Stone Age, and the New Stone Age.

During the Old Stone Age, humans made tools from flint and other types of hard stones. They used these tools to hunt and gather food. They lived in small groups and were nomadic.

The Middle Stone Age began around 40,000 years ago. People started to use animal bones and antlers to make tools. They also started to use fire to cook food and to keep warm. They lived in larger groups and started to settle in one place.

The New Stone Age began around 8,000 years ago. People started to grow crops and to keep animals. They lived in permanent settlements and started to build houses. They also started to use metal tools.

Questions:

- What did people use during the Stone Age?
- How many periods are there in the Stone Age?
- What was the most important invention of the Stone Age?
- What did people do in the Stone Age?
- What was the most important invention of the Stone Age?

Name: _____

Where Am I?

Directions: Read the paragraphs below. Think about where the narrator is in each short story. Try to picture the setting. Check the best answer where the story takes place.

1. I sat with my toes in the hot sand digging a hole with my new shovel and pail. I turned to grab my sandwich and noticed a seagull flying away with it. Since I had no lunch, I grabbed my snorkel and headed into the waves.	<input type="checkbox"/> grocery store <input type="checkbox"/> circus <input type="checkbox"/> school <input type="checkbox"/> beach
2. I sat in my seat excitedly watching the man swing from pole to pole. Far under him 2 elephants carried ladies with feathers in their hair. I ate my popcorn as I watched 8 clowns pile out of a tiny car.	<input type="checkbox"/> dentist <input type="checkbox"/> circus <input type="checkbox"/> bowling alley <input type="checkbox"/> beach
3. We ran from hay bale to hay bale trying not to step on any cow pies. Uncle Joe picked us up with his tractor and gave us some fresh milk to drink. We helped with the garden and fed the chickens.	<input type="checkbox"/> farm <input type="checkbox"/> theater <input type="checkbox"/> beach <input type="checkbox"/> school
4. Dad let me carry the basket. It was very heavy. I reached high to pick the shiniest ones I could find. I took a few bites as we walked along. When we go home with our collection, mom is going to make some pies.	<input type="checkbox"/> grocery store <input type="checkbox"/> orchard <input type="checkbox"/> school <input type="checkbox"/> beach
5. I waited patiently for my dinner to be brought to the table. All of our food was carried over on a big, round tray. Lots of other families were eating dinner, also. When we were through, Dad left the waitress a big tip.	<input type="checkbox"/> zoo <input type="checkbox"/> circus <input type="checkbox"/> restaurant <input type="checkbox"/> mall

Students work through their study plans to earn prizes and show mastery. There are math games and phonic guides, and you will find a selection of activities to do at home, sorted by age and degree level. Storyline Online One of the best known sites where you will find free online books for children is Storyline Online. Texas STAAR The preparation is fun and rewarding with Education Galaxy. Galaxy Education integrates with Canvas! Teachers are able to connect Education Galaxy to their canvas classes as an assignment or module to support students with their practice and tasks with Education Galaxy. Our test manufacturer helps teachers create their own assessments and assignments. Then the teacher reads, marks and provides feedback to the drafts of the students online. The house version offers a free eBook library for children aged 3 to 11, including fiction and non-fiction. Do you need worksheets? Challenge your students with the next level questions types including drag and drop, dual-passage, multi-select and text response. Through adaptive diagnostics, we identify skills gaps in a vertical alignment and create customized learning paths for each student. Each book has its own activity guide, and you can buy books from the site if you want to own a physical copy. The International Children's Digital Library has one of the largest selections of books for children online. We provide many games and rewards that improve the learning process without distracting the student. Complete with a full range of third degree study topics to help identify gaps and correct when needed. WillBooksWillBooks offers free digital books for pre-K children at the third grade and reading levels A at M. We ensure that all our questions are built from scratch to prepare students for the rigour of TeKS standards and Texas Staar tests. Students immediately have access to TEKS training evaluations online with their personal study plans. Our complete online composition module is complete with online classification, STAAR score tabs and multiple write prompt options. Photo courtesy: Catherine Falls Commercial/Getty Images Many of the books are free online. If you sign up for a free account, you can create a virtual shelf with your child's favorites so you can easily find them when you want. It is especially important for the first elementary because they are still learning language and reading helps them understand the sounds and patterns that words make. More information from questionswered.net our content is never simply "aligned". Reports provide weekly and monthly progress monitoring. The study sessions allow a real evaluation of STAAR and provide valuable practice for students. Students will see their galaxy assignments in education in their Google class and teachers will be sent directly their results. Reading them is as easy as visiting one of these websites. If you want to stick to the dozens of free books available, click what you like and will appear in a pop-up window. Click here to view the science of fifth grade Texas. Click here to view science of 8th degree Texas . Click here to view biologyof third-grade our applications and practical evaluations are aligned with TEKS and reflect the rigour and verbosity of the STAAR evaluation. Then the teacher would mark the composition online or offline. Here's how it works: the teacher would select a prompt and score (optional) (optional) assign to students. Photo Courtesy: Klaus Vedfelt/Getty Images You can also browse by series or Oxford Reading Level. In many cases, it is other kids reading the passages and questions aloud! Your young learners will love

Education Galaxy! Education Galaxy also now supports middle school students (6th-8th grade). Next the students review feedback, edit their draft, and submit their final composition. Beyond books, the Oxford Owl site offers a blog with advice for parents and kids on topics like summer reading and what to expect when school starts. When sessions are complete, students are given a full summary of their work and can even go back through missed questions. Create quick topic-based assignments with randomized questions or choose each individual question for your custom test. Perfect for ESL students and dual language campuses. Individual, school and classroom accounts are all available. Click Here to View 8th grade Texas social studies Skills Practice allows the student to work on fact fluency and basic skills in a fun way. 3 different language modes allows you to customize the experience for each student. Photo Courtesy: Povilas Baltinas / EyeEm/Getty Images However, if you're reading with your child, you may find that you want to work your way through all of the books, even the ones for older kids. A real human voice reads all text to the students. For example, there are books that are Common Core-approved, Spanish language books, joke books, alphabet books and more. more.
