With a selection of desserts like hot fudge sundaes and apple pies, this McDonald's spotlights why it remains a go-to spot for locals and travelers alike seeking a convenient and satisfying meal experience. Generated using this brand's available information Depending on where you are, McDelivery is available on DoorDash, Uber Eats, Grubhub, or Postmates apps. Uber Eats is also available to order from the McDonald's app. To order McDelivery through theMcDonald's app, log in, if you are not already. Select 'Order' from the bottom menu bar and switch from 'Pickup' to 'McDelivery'. Enter your desired delivery address and you will be notified ifMcDeliveryis available to you through our app. How do I know what items are available for McDelivery? Menu items will vary by location. For food item availability, please select McDelivery in theMcDonald's app and browse items available for delivery on Uber Eats in the app by selecting 'Order' on the bottom menu bar. You can also open your DoorDash, Grubhub, or Postmates apps to learn if there is a McDonald's location near you to browse menu items to order. Mobile Order & Pay How do I know which restaurants are participating in Mobile Order & Pay? Make sure you turn on location services so that we can include all of the available features in the McDonald's app. Mobile Order & Pay will be available in the McDonald's app as a feature when you're within 5 miles of a McDonald's restaurant that offersMobile Order & Pay. Within the location map, after selecting a restaurant icon, selecting the detail box will also indicate if Mobile Order & Pay is available at a particular location. If the restaurant is participating, "Order Here" will be available at the bottom of the detail page, allowing you to select it and begin the order. If not, "Order Here" will be muted, indicating that Mobile Order & Pay is not enabled at that location. What forms of payment are accepted? You can register Visa, MasterCard, American Express and Discover cards in the app. Payment cards registered must be issued by a U.S. bank. If you have an iOS device, and your card is registered to your Apple Wallet, Apple Pay will automatically function as a payment option within the McDonalds app. If you have registered a card to the Google Pay app on your Android, you can select Google Pay as a payment method in the McDonald's app. Payments with PayPal and Venmo are now also available with Mobile Order & Pay. Curbside & Contactless Does McDonalds have Contactless Delivery? Contactless delivery is available through our partners as no-contact delivery on DoorDash, no-contact delivery on Uber Eats, contact-free on Grubhub, and non-contact delivery on Postmates. How Does McDonalds Curbside Pickup Work? By using the McDonalds app you can get your food via curbside without leaving your vehicle. How Do I Order McDonalds Contactless Delivery? To order McDonalds contactless delivery, select your favorites in DoorDash, Uber Eats, Grubhub, or Postmates as you usually would. When you are checking out, choose the Leave at Door option in the Uber Eats app. Leave at my door option in the DoorDash app, or "contact-free delivery" in the Grubhub app, or choose the dropoff option "Leave order at my door" on Postmates. How do I find McDonalds contactless delivery near me? To find McDonalds contactless delivery near you, simply download the DoorDash, Uber Eats, Grubhub, or Postmates app. You can allow access to your location or input the address where you want to order your food for delivery. The apps will automatically find a McDonalds nearest you! Simply select McDonalds and add your favorites then choose Leave at Door while checking out on Uber Eats, Leave at my Door during checkout on DoorDash, "Contact-free delivery" when checking out on Grubhub, or choose the dropoff option "Leave order at my door" on Postmates!
