Matthews christian academy

New student enrollment applications for the 2025-2026 school year open on January 20th, 2025. Please call our school office at 704-535-1694 to begin the admissions process. Matthews Christian Academy, as a ministry of Bible Baptist Church, admits students of any race, color, national and ethnic origin to all rights, privileges, programs, and activities generally accorded, or made available to students at the school. MCA does not discriminate based on race, color, national or ethnic origin in administration of its admissions policies, educational policies, and other school administered programs. For more information about Matthews Christian Academy, please contact the school office at 704-535-1694. A student will be considered for admission to Matthews Christian Academy after an interview with the administrator and grade-level testing. The purpose of the interview is to present the school's philosophy and unique opportunities to the parents and students. Ample opportunity will be given for questions, and a tour of the facilities will be taken. Therefore, we require the parents to bring the prospective student(s) with them to this interview. Please bring all available academic records with you to this interview, unless we have received transcripts from the previous school. Upon acceptance, submission of an application and enrollment packet is required. Parents must provide a copy of their child's birth certificate to be considered for enrollment. Up-to-date immunization records are also required. A part-time student is defined as one taking fewer than three academic classes. Part-time students are required to go through the normal admission process and pay a percentage of the fees. Those students desiring to participate in athletic or fine arts competition sponsored by the North Carolina Christian School Association must also attend two classes that meet daily. Academic classes for grades 1 and 2 are not available. Extra-curricular activities such as Music, Art, and Spanish are available for grades 1 and 2. Part-time students may purchase a yearbook, depending on availability. A part-time student may attend the Junior/Senior Banquet and Senior Trip if he has participated in the fundraising of his class. Part-time students may not hold any class office, march in graduation or receive a diploma. Aptitude/achievement test scores, placement tests, previous academic history, and references will be considered. Kindergarten students must be five years of age on or before September 1st. First-grade students must be six on or before September 1st. The administration reserves the right for proper grade placement. Students in grades six through twelve may be interviewed privately. When all forms have been properly submitted, an interview conducted, and all required fees paid, the student is accepted for admission by a letter of acceptance from the administration. At least one parent must attend the yearly Parent Orientation meeting. This meeting is held on the Thursday evening before the first day of school. No student in grades 4-12 will be considered for admission, after the first quarter, who has not maintained at least an overall "C" average from the transfer school. A student who has been expelled from MCA must wait a minimum of one semester and may be required to wait a period of one year from the date of expulsion before he can be considered for re-admission. A student who has been expelled or denied enrollment from another school may be required to wait for a period of one year from the date of expulsion before he can be considered for admission. Students under these circumstances are admitted on a probationary status and will be required to meet with a designated counselor regularly throughout the time of the probation. Loading... We want our students to hone their skills in the area of fine arts. Growing in the areas of speech, music, and art will enable them to use their talents to serve their local churches for the glory of God. We encourage all students to participate in the annual North Carolina Christian School Association (NCCSA) competitions. Many place 1st in their category and represent our school in the national American Association of Christian Schools' (AACS) competitions. We thank God for the abilities He has blessed our students with and also for blessing us with faculty and staff that help mold and develop these abilities for His honor. Through art, students can express their God-given creativity and use their imaginations as well as develop their fine motor skills. In our elementary art program the K5, 1st, and 2nd grades are introduced to the Elements of art, Principles of Design, and Masters in History on a three year rotation. The third through sixth graders then build on that foundation exploring different mediums, categories and techniques of art. The 3-6th graders also have a chance to compete with other schools in certain art categories! In our secondary program, students have the opportunity to take art as an elective class. Students are taught the basics of art theory and art composition while exploring different categories, techniques, and mediums in art. With each project the students are exposed to both historical and modern art masters in that field. The students also have an opportunity to compete in state and national art competitions. Art is a reflection of God's beauty, and an expression of the creativity God gave us as his image-bearers. Gen. 1:26-28. Elementary band is taught to our fifth and sixth-grade students with an emphasis on reading music. The students develop as musicians and are encouraged to perform to the best of their ability. Competition for chair positions and opportunities to perform at concerts and the annual fine arts competition aids the learning process. Secondary band consists of seventh through twelfth graders. For state competition, they divide into junior high band (7-8) and senior high band (9-12). Concerts in the fall and spring as well as North Carolina Christian School Association (NCCSA) state competitions are offered to train students for future ministry service. In addition, the senior high band participates in the annual Bob Jones University Fine Arts Festival and the American Association of Christian Schools (AACS) National Bible, Academic, and Fine Arts competitions. Matthews Christian Academy has had numerous state, festival, and national fine arts competition winners in both band and various ensembles. All students are taught the fundamentals of singing, posture, breathing, musicianship, and sight-singing. Concerts in the fall and the spring along with state competition are offered to aid the learning process. The senior high choir takes part in the annual Bob Jones University Fine Arts Festival and the American Association of Christian Schools (AACS) National Bible, Academic, and Fine Arts competitions. The school has had numerous state festival and national fine arts competition winners in both choir and various ensembles. Private voice lessons are also offered. We teach proper ringing, marting, malleting, and plunking techniques. Teamwork and diligence are emphasized as the most important qualities a handbell choir can possess. The handbell choirs have participated successfully in state and national competitions with a mixed repertoire of sacred and secular music. Students have a variety of opportunities for class presentations, projects, and speeches in our English and Social Studies programs. Learn about boarding and day schools in South Africa, Tunisia, Morocco, Egypt, and beyond. What does it take to prepare young people for life in a highly sophisticated culture of competing worldviews and constantly shifting values? The answer is excellent Christian education, but excellence does not happen by accident. Excellence in Christian education is possible only when it is undergirded by a Biblical worldview, nurtured by committed faculty and driven by an academically challenging atmosphere. While we adopt a firmly traditional pedagogical approach, we consistently stay at the cutting edge of education by learning better teaching techniques, and bolstering them with state-of-the-art technology. Our faculty members are not only highly trained professionals, but also godly Christians who are dedicated to the success of their students. In this dynamic environment, students are equipped to think and live from a thoroughly Christian worldview. As a result of our commitment to academic excellence, our students consistently score higher than the state and national averages in Stanford Achievement Scores, MCCSA Academic Testing, and ACT testing. MCA is an accredited member of the North Carolina School Association, American Association of Christian Schools, National Council for Private School Accreditation, North American Christian School Accrediting Agency, and Middle States Association Commission on Elementary and Secondary schools. These associations aid us in further teacher development and current methods and materials development. MCA is recognized as a private school by the State of North Carolina Department of Education. All full-time teachers are certified. Accreditation has many benefits. • It provides external recognition for a school's commitment to quality education. Phil 1:10 "Approve all things that are excellent." • It encourages continual improvement grounded in best practices from the various educational fields. • It enables students to transfer credits from school to school. • It provides greater access to federal loans, scholarships, post-secondary education, and military programs that require regional accreditation. Our athletic program is important because it provides an outlet for physical exercise with a tool to teach Christ-likeness in a valuable learning environment. It also fosters a wholesome atmosphere for fun, fellowship, encouragement, and school spirit for our school family. Great care must be exercised to protect this environment from our selfish ambitions and the worldly attitudes prevalent in our culture today. Sporting events must be tempered with Spirit-produced self-control, both for the athlete and the spectator. Biblical principles must guide our actions and attitudes. Our teams compete in the Carolina Christian Conference. This conference consists of teams of similar Christian philosophy and size. We belong to the Class 1A in the North Carolina Christian School Association. Games are typically played on Tuesdays and Fridays, with the exception of tournaments. There are no practices on Wednesday to allow families to worship in Wednesday night services. New student enrollment applications for the 2025-2026 school year open on January 20th, 2025. Students under these circumstances are admitted on a probationary status and will be required to meet with a designated counselor regularly throughout the time of the probation. The purpose of the Language Arts curriculum is to teach students the skills needed to effectively communicate in society and minister wherever God may call them. Students show continuous growth as their skills develop over time in the areas of critical thinking, content-specific language, conventions, and discerning analysis of the literary genres. In the context of a biblical worldview, students develop the skill and heart to communicate God's character and works to others. Our mathematics program covers areas such as whole and real number operations, geometry shapes and formulas, graphing, measurements, word problem solving, equations, and polynomials. Our program uses state of the art technology coupled with master teaching to prepare young people to be successful in college mathematics. Math is shown to be a tool for living out the Creation Mandate of Genesis 1. At MCA, History is taught with a clear understanding of God's providence. Students are taught to see how God's purposes are being accomplished and how history points to God's sovereignty. The Bible reveals that God himself is working all things to accomplish His purposes for His glory. The Science program at MCA is designed to provide a strong foundation to prepare students for future studies in the field of science. Students are taught a strong creationist view of science while showcasing God's design and direct involvement in creating and sustaining His creation. MCA has a fully equipped science lab, and students have the opportunity to participate in labs as part of the regular science curriculum. The Bible program at MCA is designed to provide a strong foundation of Bible knowledge while developing a biblical worldview so students can engage culture in an informed way. The goal of Bible class is to help students practically apply Scripture to daily living. The weekly chapel at MCA is a time for the student body to come together to study God's Word together. A regular chapel includes singing, testimonies, and a message from one of the pastors or teachers. Chapels are designed to challenge students to love God and hate sin in their daily lives. Matthews Christian Academy (MCA) exists to reinforce Christian values from the Christian home to the Christian classroom through a warm spiritual atmosphere, quality academics, excellence in fine arts, and development of Christian character. As a ministry of Bible Baptist Church, we desire to fulfill the commission of our Lord to teach His disciples the commandments of God (Matthew 28:19-20). MCA agrees to assist Christian parents in meeting their biblical responsibility to train their children in the nurture and admonition of the Lord. (Ephesians 6:4). As an extension of the local church and the Christian home, our school assists parents in giving each student a thorough Christian education as each subject is taught within the parameters and principles of the Word of God. The ultimate goal of MCA is to produce Christlikeness in every student. To accomplish this purpose we want to provide an environment whereby boys and girls can receive the truth of God's Word and develop Christlike attitudes and actions. Jesus instructed His disciples in John 8:32, "And ye shall know the truth, and the truth will make you free." Not only is our objective to teach the truth, but also to teach our students how to apply the truth wisely in their own lives. In John 16:13, we are promised that when He, the Spirit of truth, is come, He will guide you into all truth. By this process, we can help our children become God-loving, Word-filled, ministry-minded, disciple-makers. The philosophy of our school guides its choice of faculty/staff members, curriculum, procedures, and programs. In an age dominated by unbiblical philosophies, MCA has determined to base its philosophy on Christ and His Word. Statement of Faith As explained in our mission statement, MCA looks to four major pillars that govern everything we do. Our goal is to minister to the needs of the whole child and to promote his/her spiritual and moral growth, academic and intellectual progress, and physical and social development toward the goal of Christ-likeness. We realize the magnitude of this challenge, and we are dedicated to the task. 1. SPIRITUAL EXCELLENCE First, we desire spiritual excellence for our student body. For this purpose, MCA is not considered an evangelistic ministry of Bible Baptist Church, but a discipling environment where Christian young people may learn a biblical worldview and apply it to their own lives. 2. ACADEMIC EXCELLENCE Secondly, we strive for academic excellence in preparation for life. MCA believes in traditional educational procedures and emphasizes the basics in building a strong academic foundation. Students are challenged to work independently and to think for themselves as they build convictions that will stand under the pressures of our modern culture. Thirdly, we place a strong emphasis on the fine arts. We want our young people to sharpen their skills in speech, art, and music. Growing in these areas will enable the young people to use their talents in their local churches for a lifetime of service to the Lord. 4. CHRISTIAN CHARACTER Finally, we are committed to developing Christian character in young people with the goal of developing self-discipline through a consistent and loving discipline program. All rules and regulations are based on biblical convictions (love God) that enable the school to function more orderly (love thy neighbor). We sincerely believe that firm and fair discipline will help young people develop good character in order to be lifelong learners and servants of the Lord. We believe that the most important aspect of the education of our students is to nurture them spiritually. The elementary and secondary grades have a chapel service once a week as well as daily Bible classes. These services and classes are dedicated to sharing God's Word with our students to equip them to grow spiritually. To reinforce these lessons, each academic class is taught from a biblical perspective. We are dedicated to equipping the saints of God for the 21st century. We believe the home is the most important aspect of the family. Parents are to bring their children up in the nurture and admonition of the Lord, and students are to honor their parents (Ephesians 6). Our church and Christian school partners with the home in the mutual goal of leading children to a saving knowledge of Jesus Christ and discipling them in Christian values. In loco parentis is a Latin term meaning "in place of the parent." Matthews Christian Academy is an extension of—but not a substitute for—the home and the church. We are here to nurture, discipline, educate, train, and encourage young people. We are a tool of discipleship to assist the parent and the local church. Matthews Christian Academy admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs. 2724 Margaret Wallace RdMatthews, NC 28105 Christian Academy is a Christian school located in Matthews, NC, dedicated to reinforcing Christian values and providing a warm spiritual atmosphere for students. As an extension of Bible Baptist Church, the academy aims to assist Christian parents in training their children in the nurture and admonition of the Lord, offering a thorough Christian education that aligns with the principles of the Word of God. With a focus on spiritual, academic, and character development, Matthews Christian Academy strives to produce Christlikeness in every student, equipping them to become God-loving, Word-filled, ministry-minded disciple-makers. The academy's philosophy is rooted in Christ and His Word, guiding their choice of faculty, curriculum, procedures, and programs. They prioritize spiritual excellence, academic excellence through traditional educational procedures, a strong emphasis on the fine arts, and the development of Christian character through a consistent and loving discipline program. With chapel services and biblical perspectives integrated into academic classes, Matthews Christian Academy is dedicated to nurturing students spiritually and equipping them for the challenges of the 21st century.Generated from the websiteGlesia Bautista BiblicaRon Degarde MinistriesBible Baptist ChurchPublic elementary and secondary schools, Baptist Church, Religious schoolBible Baptist ChurchBible Baptist Church, nestled in Matthews, NC, stands as a welcoming beacon of faith for the community.
