It started with a handful of students, a single classroom, and a vision to share our passion with the growing town. Fast forward 18 years to the Sherwood Ice Arena: we currently have an amazing dance family that includes over 500 students, 3 classrooms, 14 instructors, and over 70 classes offered each week. Truly caring staff and wonderful class options. My niece has been interested in dance for the longest time. Some of the biggest issues my brother and his family had going into a number of these local dance studios were the lack of professionalism, the focus on competitions and the feeling of being just a customer and nothing more. I was discussing this concerns with a co-worker and she recommended that I take my niece to Sherwood Dance Academy. Frankly, I was blown away. First, the Academy is pretty centrally located- easy to get to and has ample parking. Second, the Director of the place PERSONALLY took the time to fit my niece with different shoes and tights for the classes she is taking. Third, I got to meet two of the instructors who walked us into the classrooms (they have three!) and introduced my niece to one of the teaching assistants. Fourth, my niece had SO MANY CLASS OPTIONS TO CHOOSE FROM. :) My niece is very shy. I honestly didn't think she would ever want to perform with a group of people who weren't already her friends from school. However, because of the warmth and kindness shown to her by the staff at Sherwood Dance, she looks forward to her classes and will be performing in the next dance recital! I very strongly urge anyone who is looking into dance classes to take the time to reach out to Sherwood Dance Academy. As I mentioned, my brother looked around a lot. And based on my experiences with them, I couldn't imagine that any other school could possibly offer the value and quality of this place! PS- this is a copy of my Yelp review. I'm lazy. Not so lazy that I won't give a good review to Sherwood Dance, but lazy enough to do so by copying my review from a month ago. : For dance families new to SDA, if you decide our studio isn't the right fit for you after attending the first day of class, you get 100% of your first month's tuition payment refunded to you. Her brilliant smile and love of dance were trademarks that will be well remembered by all those whose lives she touched. Her love of dance was only second to her love for her girls. From an early age, she was involved in all types of dance, eventually leading the Sprague High School dance team in statewide competitions and finishing her dance career as a member of the University of Oregon's dance team. Jeneva went on to coach Dance Team at Sprague High School and Sherwood High School. She continued to dance herself at Sherwood Dance Academy for fun as long as she could.Dance was one of her loves she shared with her family. She even got engaged on the floor of a country western dance hall where she and her husband, Jim, spent countless hours boot-scootin. Following in her footsteps are her two daughters who share their mother's love of dance.That radiant showmanship dance smile may be gone, but its imprint will never be. The Rose family made a donation to the Sherwood Dance Academy scholarship fund to ensure other children get the opportunity to have their lives enriched by dance.Live, Love, Dance. "We proudly employ only the best at Sherwood. Our staff is hand-selected based on interviews, teaching experiences, education, personal and professional references and classroom observations."
