## Thea stilton and the blue scarab hunt

Kyle Good November 13, 2013 As you probably heard, Thea Stilton and the Blue Scarab Hunt, a title of the Geronimo Stilton series, published by Scholastic, includes a map that inadvertently omits Israel. Scholastic is immediately arresting shipment this title, reviewing the map, and returning to reprint. We regret the omission that was in the original version of the book published in Italy and has been translated by our company for the distribution of the English language. Thank you for your patience and understanding in this matter. 130207t20122012nyuab jo 000 1 eng dcamKa (a) 9780545414692 (q) electronic bk. (A) 0,545,414.695 thousand (q) electronic bk.
