You can get apps, games, and digital content for your device using the Google Play Store app. The Play Store app comes pre-installed on Android devices that support Google Play, and can be downloaded on some Chromebooks. On your device, go to the Apps section. Tap Google Play Store . The app will open and you can search and browse for content to download. If you have issues locating the Play Store app, or opening, loading or downloading content in the app, it could be due to a number of reasons. To troubleshoot these issues, try the following topics: I can't find the Play Store App The Play Store doesn't open or load any content Downloads from the Play Store don't work Post to the help community Get answers from community members If you forgot your password or username, or you can't get verification codes, follow these steps to recover your Google Account. That way, you can use services like Gmail, Photos, and Google Play. Tips: Wrong guesses won't kick you out of the account recovery process. There's no limit to the number of times you can attempt to recover your account. If you use an account through your work, school, or other group, these steps might not work. Check with your administrator for help. To recover an account for a child under 13 (or the applicable age in your country) you can reset your child's password. Forgot your password Forgot the email address you use to sign in To find your username, follow these steps. You need to know: A phone number or the recovery email address for the account. The full name on your account. Follow the instructions to confirm it's your account. You'll find a list of usernames that match your account. Someone else is using your account If you think someone is using your Google Account without your permission, follow the steps to recover a hacked or hijacked Google Account or Gmail. If you have another problem, get help signing in. Recover a deleted Google Account If you recently deleted your Google Account, you can follow the steps to recover your account. Still can't sign in Create a new account If you can't sign in, try these tips for account recovery. If you still can't recover your account, you can create a new Google Account. When you do, you can follow these steps to avoid getting locked out of your Google Account. Avoid account & password recovery services For your security, you can't call Google for help to sign into your account. We don't work with any service that claims to provide account or password support. Do not give out your passwords or verification codes. Post to the help community Get answers from community members To get results from Google each time you search, you can make Google your default search engine. Set Google as your default on your browser If your browser isn't listed below, check its help resources for info about changing search settings. Google Chrome Open Google Chrome. In the top right, click More Settings. Or, in your address bar, enter <chrome://settings>. Tip: If there's a Chrome update available, in the top right, you'll find Update . Click Update Settings. Under "Search engine," select Google. Open the Chrome app . In the top right, tap More Settings. Under "Basics," tap Search engine Google. Open the Chrome app . Tap More Settings . Tap Search engine Google. Microsoft Edge Open Microsoft Edge. At the top right, click Settings and more Settings. On the left, click Privacy, search, and services. Scroll to "Services." Click Address bar and search. In the "Search engine used in address bar" drop-down, click Google. In the "Search on new tabs uses search box or address bar" drop-down, click Address bar. Internet Explorer 8 & higher Tip: To find which version of Internet Explorer you're using, click Help About Internet Explorer. Internet Explorer 11 Open Internet Explorer.
