Clinical Knowledge and Performance

Score 1 - 6
 1 = Requires monitoring, unable to safely function alone
 2 = Requires complete assistance
 3 = Requires monitoring of activities & some assistance
 4 = Requires minimal assistance
 5 = No assistance required but still dependent on preceptor
 6 = Works independently
 Any score below a "4" requires documentation (may use the back of the form).

COMMUNICATION							
Communicates in a clear and timely manner							
Remains approachable							
Welcomes and accepts constructive criticism							
Communicates effectively with pt and family							
Communicates with members of multidisciplinary team							
CRITICAL THINKING SKILLS							
Critically reviews pts. condition and identify needs							
Implements the plan of care							
Demonstrates ability to make appropriate changes in plan of care							
Anticipates needs and follows up with pt/family to ensure needs met							
Demonstrates ability to respond to emergency situation							
Solves problems as they occur							
Seeks appropriate resources							
DELEGATION/LEADERSHIP							
Identifies appropriate task for delegation							
Delegates tasks appropriately and supervises care							
Makes expectations clear							
Provides appropriate support							
ORGANIZATIONAL SKILLS							
Demonstrates ability to organize care for team of patients							
Prioritizes and organizes work effectively							
Demonstrates flexibility with changes							
TEAMWORK							
Treats others with fairness and respect							
Works well with other team members							
Demonstrates understanding of role as team member							
Displays self direction and initiative
